

Statement on the Passing of Dr. José Baselga, from his friends at GRAIL

March 21, 2021

MENLO PARK, Calif., March 21, 2021 — “We mourn the passing of Dr. José Baselga. A former member of GRAIL’s Board of Directors and a current member of our Science, Medicine, and Technology board committee, José was a great believer and supporter of our mission and a passionate advocate. Loved by his patients, José helped many women with breast cancer and touched the lives of countless others with the medicines he helped develop. He was a giant in oncology and medicine, and a friend to all of us at GRAIL. We will miss him.”
